European subregional Technical and Scientific Cooperation Support Centre (TSC)

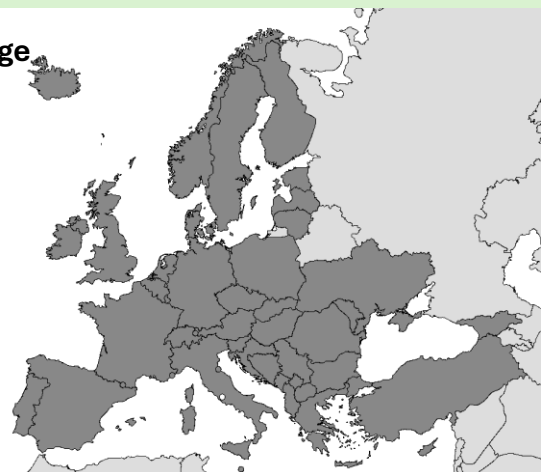

For the implementation of the Kunming-Montreal Global Biodiversity Framework (KM-GBF)

Mission

“Connecting knowledge, capacity, and cooperation for biodiversity action across Europe.”

- ☐ **Europe:** A one-stop entry point to provide technical & scientific support to 44 European countries (Parties) for the implementation of the KM-GBF
- ☐ **Global:** Support collaboration and knowledge transfer across the North-South axis

Coverage

Core functions

- ☐ Facilitating cooperation & technology transfer
- ☐ Providing access to knowledge & expertise
- ☐ Mobilizing resources & support
- ☐ Matchmaking
- ☐ Catalyzing projects & partnerships
- ☐ Strengthening institutional capacities
- ☐ Enabling knowledge sharing & learning
- ☐ Maximizing synergies
- ☐ Adapting to future needs

Approach

Decentralized network of Knowledge Hubs anchored in existing expertise, mandates and resources, organized around KM-GBF Targets.

Roadmap

- ☐ **2025:** Establish governance, platform, pilot Knowledge Hubs
- ☐ **2026:** Capacity building, partnerships, good practices sharing, enhance Hubs
- ☐ **2027+:** Continuous improvement, synergies, support for 8th National Reports (NRs)

How it works

- 1** Single-entry-point via the EC Knowledge Centre for Biodiversity (KCBD*)
**The KCBD brings together several European Commission's services and the EEA*
- 2** Demand-driven including through submission of requests by CBD Parties
- 3** TSC Coordination Group (Coordinator and Partners) addresses support requests
- 4** Where applicable, redirect to Knowledge Hubs for targeted Technical & Scientific support
